All plots counted as 10 pole equivalent. Waiting column is non-tenants only. T Wait column (new) is current tenants wanting larger/additional plot.

Untenanted is those available for letting. Clarification: Plots does not includes Wildlife, hence Foster Road 1.75 plot less than previous

Victoria Homes figures estimated by Sue Dodson & DF, April 08. Not updated.

Rock AS maintain a single waiting list. The total of 36 is split across their 3 sites above.

Cambridge City Council maintain per-site lists, with no double counting between these, and now put some information online

Empty Common, Fanshawe Road & New Street: untenanted plots are on offer or being allocated to starter plots. Bateson Road 1 plot awaiting last inspection.

Hawthorn Way & Kendal Way untenanted are potentially starter plots. Elmfield Close no longer exists as it is a housing site.

Fulbrooke Road data included for the first time. Plot size is extremely variable. Working to expand and open up more land for allotment use. No data obtained for Grantchester Meadows.

Fairfax Road record plot size desired by waiters. 40 people want approx 21 plots overall. Tenants lower as a) some merged to larger plot, and b) overcounted last time.

Histon Road contacted waiters to check whether still interested, and sorted out non-cultivations, hence waiting list reduced.

Pakenham Close have closed their waiting list. Peveler Road waiters have been notified plots available.

Stourbridge Grove have 2 orchard plots + 8 wildlife plots. 2 are let FOC to charity with raised beds. Waiting list purged from 18 to 4 recently
